**Section D – Terms and Conditions and Applicant Declaration (Read Carefully and Sign declaration)**

1. The Application Guide, Application Form and Terms and Conditions are those published on the SEI website on the date of submitting the application. However, SEI may, if required by law and without incurring any liability, vary, revise or supplement the Terms and Conditions of the Scheme after the applicant’s submission of an application and these revised or supplemented Terms and Conditions (as published on the SEI website) may apply to the application unless the applicant chooses to withdraw its application. The applicant must monitor SEI’s website in order to learn of any such changes to the Terms and Conditions.
2. The applicant’s agreement with SEI in the event of a Grant Offer being accepted will comprise the Terms and Conditions, the Application Guide (including its Appendices), and the rest of the Application Form. The applicant having accepted the Grant Offer and communicated their acceptance of it to SEI shall comply with and agree to be bound by the provisions of these documents. In the event of any conflict arising between these documents the order of precedence shall be:
  - a. the Terms and Conditions of the Scheme;
  - b. the rest of the Application Guide less the Terms and Conditions of the Scheme;

- c. the rest of the Application Form less the Terms and Conditions of the Scheme
3. The applicant must ensure that he/she completes and submits, to the extent applicable, the latest version of the Application Form (see [www.sei.ie/hes](http://www.sei.ie/hes) for the latest version)
  4. The applicant must be the owner of an existing home built before 2006, located in the Republic of Ireland, in respect of which the grant application is made (not applicable to mobile homes, caravans, houseboats or other temporary dwellings). Only existing dwellings are supported.
  5. The applicant must undertake a measure(s) identified from the measure types supported under the HES scheme.
  6. The applicant must engage a contractor listed on the Registered Contractor List (see **Section 6** of the Application Guide) to carry out the supported measure.
  7. Approval of the grant only becomes valid upon receipt by SEI of the issued Grant Offer signed by the applicant indicating his/her unconditional acceptance in accordance with the timelines prescribed by SEI. In the case of online applications, acceptance is confirmed through receipt of an e-mail from the applicant indicating the applicant's acceptance of the Grant Offer.
  8. The applicant must secure approval from SEI before assuming he/she will receive the grant. SEI reserves the right to reject/approve applications for grants under the Scheme.
  9. The applicant must ensure grant approval is received before proceeding with any product purchase or installation work.
  10. The grant, once approved, is only payable in respect of the type of measures and contractor(s) identified in the Application and referenced in the Grant Offer.
  11. The timing of payment of the grant to approved applicants is subject to the funding allocated by government to the Scheme / programme in a particular calendar year, in accordance with public financial procedures. Where all other conditions are met, payment will be made by SEI on a "first come, first served" basis. Where funding is exhausted in a particular calendar year, payment to remaining applicants will be deferred until such time as further funds may be available. Deferred payments will receive priority, if and when those funds become available.
  12. Should his/her property be selected as part of a sample inspection process, the applicant must make his/her home available for verification and/or technical inspection. In the instance of wall assessments, some of these inspections may result in the undertaking of "invasive" tests, including boroscope probing and thermal imaging. The applicant consents to the results of such inspections being published by SEI and made available to the public in whatever media SEI may, at its discretion, choose. The applicant must also be prepared to participate in follow-up research (telephone or postal questionnaire) as may be commissioned by SEI or its agents to establish the Scheme's impacts and achievements. The applicant acknowledges that SEI will have to provide certain contact details to third party contractors in relation to these matters and the applicant hereby consents to SEI making these disclosures.
  13. The householder must facilitate any reasonable request made by Sustainable Energy Ireland or its agents requiring the installer return to the house in order to make good any works deemed not to meet the standards of the Home Energy Savings Pilot Scheme.
  14. The applicant must obtain all necessary consents, permissions and statutory approvals and have authority to install the measures in his/her home.
  15. SEI accepts no liability or responsibility, whether for breach of contract, negligence or otherwise, in respect of any direct or indirect loss, expense, dispute, claim, proceedings or cause of action arising out of, or in relation to, any product (or its suitability), any materials (or their suitability), equipment (or its suitability), work, system, service, specification, standard, installation or the qualification or performance of the contractor in respect of which a Grant Offer has issued, or a grant approval or payment was given by SEI. No undertaking, guarantee, assurance or other warranty, express or implied, is given by SEI, or any of its agents or servants, in respect of the cost, quality, efficiency and/or benefit of any work, equipment, materials, product, service or installation provided under the Scheme. The fact of registration on the Registered Contractors List for the Scheme does not infer any warranty or endorsement of that contractor by SEI.
  16. The information in the documents referred to in section 2 and on SEI's website is provided solely for the purpose of providing assistance to the public, and is not intended to warrant or guarantee the quality of the materials, product and/or the installation chosen by the grant applicant.
  17. In the event of any breach of these Terms and Conditions of the Scheme or the other documents referred to in section 2 above by the applicant and where the applicant has received payment pursuant to the Scheme, SEI shall, amongst its remedies against the applicant, be entitled to demand the complete repayment of the grant payment and the applicant agrees to comply with any such demand within one month of the date of the letter from SEI containing such demand.
  18. The applicant shall follow the SEI complaints procedure in relation to any disputes between the applicant and SEI concerning any matter in connection with the Scheme.
